

This home may have been altered from the plan's original design.

Wrap-around porch and a trio of dormers give this home lots of charm

2,116 sq. ft. on main level, 956 sq. ft. upstairs

Study features built-in bookcases and French doors leading to the porch

Stately columns enhance the dining room which also enjoys access to the porch

A cathedral ceiling highlights the fireplace in the great room

Bayed windows adorn the master bedroom which is served by a full bath with whirlpool, his and her vanities and a roomy walk-in closet

A combined kitchen/breakfast area includes a walk-in pantry, center cooktop and angled snack bar

Upstairs, a balcony overlooks the family room and two walk-in closets provide generous storage
