

This home may have been altered from the plan's original design.

Covered front porch with wood railing combines with covered rear porch to expand living space outside
Handy servery located between volume dining room and expansive great room with high windows flanking fireplace
Laundry room with sink and hanging rods doubles as mud entrance from outside

Well-planned kitchen has generous pantry and snack bar
Bright, bayed breakfast area offers access to covered porch
Den with wet bar enhances privacy of master suite or can be converted to optional third bedroom
Accessed via French doors, volume master suite includes walk-in closet, compartmented toilet and shower, and corner whirlpool
